

January 23, 2024

Mr. Scott Ramos
San Fernando Valley RC Flyers, AMA 152
9665 Geysler Ave
Northridge, CA 91352

Dear Mr. Ramos,

This letter responds to the San Fernando Valley RC Flyers, AMA 152, request, dated January 11, 2024, for Federal Aviation Administration (FAA) authorization pursuant to Title 14 Code of Federal Regulations (14 CFR) § 89.105 to operate unmanned aircraft (UA) without broadcasting remote identification information for the purpose of limited recreational operations.

On behalf of the FAA Administrator, I hereby authorize the San Fernando Valley RC Flyers, AMA 152, pursuant to § 89.105 to operate unmanned aircraft in the airspace of the United States without broadcasting remote identification information subject to the following Conditions and Limitations.

Conditions and Limitations

1. This letter of authorization shall be presented for inspection upon the request of any authorized representative of the Administrator of the FAA or of any State or municipal official charged with the duty of enforcing local laws or regulations.
2. The holder of this letter of authorization shall be responsible for the strict observance of the terms and provisions contained herein.
3. This authorization is nontransferable.
4. This authorization applies to members of the San Fernando Valley RC Flyers, AMA 152, and their guests.
5. This authorization only applies when conducting limited recreational operations of unmanned aircraft pursuant to the letter of agreement between Van Nuys Airport Traffic Control Tower and San Fernando Valley RC Flyers, Inc., #152 dated June 20, 2022.
6. Nothing in this authorization provides relief, regulatory or otherwise, from seeking airspace authorizations as required by the applicable operating rules.
7. This authorization does not provide relief from the production requirements in 14 CFR § 89.515, which requires unmanned aircraft produced after September 16, 2022, to have standard remote identification, unless excepted under § 89.501(c).

This authorization is effective immediately and terminates on January 31, 2028, unless sooner superseded, rescinded, or extended.

The Administrator may rescind this authorization at any time. Failure to comply with all of the Conditions and Limitations of this authorization may result in suspension or rescission of this authorization by the FAA.

If you need further assistance, please contact the FAA's Emerging Technologies Division via email at RIDAuthorizations@faa.gov.

Sincerely,

for

Joseph Morra
